and below is the customer's testimonial:

"AWESOME! A Win for the La Vérité legal team. We just got an order of Dismissal for \$3637 from Capital One.

"This has been an ongoing battle of paper and court filings to get them to admit their fraud. We also filed a claim for damages against them. We may retract that one unless they pursue the second collection suit for \$3382. Then we are on again!

"I was looking for the testimonial page so I could share my good news. I emailed Red to let him know. So happy to work with you fine folks. Appreciate the help, and education along the way. :-)"
